1 East Campus View Blvd, Columbus Ohio, 43235

1. What is top3dentists and how was Dr. Firouzian selected and invited?

Top 3 Top3 Dentists is an exclusive online dental referral service that believes top dentists who are committed to their patients and profession should be recognized and rewarded for their long hours of training. Top3Dentists seeks to educate the general public that all dentists are not the same and then expose the public to the proper criteria they should use to choose a highly trained dentist. This is the same method a highly trained dentist would use to pick his/her own dentist. We have done extensive research on the training of each dentist in the US and have chosen to invite those we can distinguish for their post doctorate education.

2. What does it mean for a dentist to have LVI training?

After graduating from dental school, dentists have the choice of continuing their training or provide dental care based on what they have learned in dental school. LVI is one of the leading Continuing Education Training Centers in the US. Dentists who have gone through this type of a training have a great trials and techniques. Dr. Firouzian has gone through the 7 Core programs at LVI as well as other courses. Only 300 dentists per year go through this extensive training. What does this mean to his patients? This type of a training allows him to be able to customize a unique treatment plan. He can choose materials and restorations based on science and knowledge

Knowledge provides expertise, add to it experience and caring level of Dr. Firouzian. It creates a recipe for success for his patients.

3. What does it mean to be an LVI Fellow?

Dentists who are dedicated to excellence, continue their journey by taking courses at institutions such as The Las Vegas Institute (LVI). Those who complete the main 7 core programs (each core program being a 3-6 day intense course in advanced techniques and materials in General, Cosmetic, and TMJ/Neuromuscular Dentistry) will be permitted to take a comprehensive examination to test their knowledge and understanding of their learning. Those who pass will be awarded with a Fellowship status from the Institute.

5. What does it mean to be an FICCMO?

After submitting 3 completed and well documented patients who have been treated for TMJ and TMD issues as well as passing a vigorous written examination; Completing 150 hours of continuing education in treatment of TMJ or TMD (on an average dentists are required to take 25 hrs of continuing education a year on any subject) Dr. Firouzian was awarded the Fellowship in the International College of Cranio-mandibular Orthopedics. What this means to his patients? that they are receiving care from a dentist who is dedicated to providing the best care in the field of TMJ therapy that is possible.

5. What is FAGD?

Dr. Firouzian had to complete and successfully pass a 400 question examination in all disciplines of dentistry, had to attend 500 hours of Continuing Education in order to receive his Fellowship at the Academy of General Dentistry.
